**International SUMMER HITS**

**FRESH SHRIMP ROLLS**

1/3 lb Chicken breast, skinless and boneless
12 ea. Portico Imperial Shrimp, raw with shells
8 ea. Rice papers, 12” round (have extra in case some tear)
1 head Red leaf lettuce, leaves separated/washed

1. Cook the chicken breast in boiling salted water, until just tender, about 30 minutes. Set aside to cool and then slice into 1 by 2½ inch pieces.
2. Cook the shrimp in boiling salted water until done, about 3 minutes. Shell, devein, and cut in half lengthwise. Refresh in cold water and set aside.
3. Just before making the rolls, set up a salad roll “station.” Fill a large mixing bowl with hot water. If necessary, keep some boiling water handy to add to the bowl if the temperature drops below 110°F. On the counter, arrange the following items in the order used: rice paper, hot water, damp cheesecloth, and a platter holding all the stuffing ingredients.
4. Working with only 2 rice paper sheets at a time, dip 1 sheet, edge first into the hot water and turn to wet completely, about 10 seconds.
5. Lay the sheet down on the cheesecloth and stretch slightly to remove any wrinkles.
6. Wet the other rice paper the same way and place it alongside the first. Line the bottom third of the wet pliable rice sheet with 3 shrimp halves cut side up, and top with two slices of chicken. Make sure the ingredients are neatly placed in a straight row.
7. Fold a piece of lettuce into a thin rectangle about 5 inches long and place it on top (you may need to use only half of a leaf)
8. Next, top with about 1 tablespoon of vermicelli, 1 tablespoon bean sprouts, and 4 to 5 mint leaves.
9. Make sure the ingredients are not clumped together in the center, but evenly distributed from one end to the other. Using your second, third and fourth fingers, press down on the ingredients while you use the other hand to fold over both sides.
