UNDERSTANDING DISPOSABLE MASKS FOR FOODSERVICE
INSPECT WHAT YOU EXPECT

MASK EFFECTIVENESS

The title says, 3-ply and FDA approved. However, it is only 2-ply and there is no mask saying FDA approved. The product description is totally wrong.

These masks were made in India and sent from India. As you can notice on the picture, they look very thin and transparent. I took one and cut it, it is only 2-ply.

Besides the wrong product information, these masks smell really bad. They have a weird smell that I had never experienced on any disposable face masks. I even don't know if such smell could hurt human body.

Don't buy this!

ON THE BOX
FEATURES & BENEFITS

Flexible nose bridge provides stability to help maintain a proper seal and helps to reduce foggy glasses.

Cloth ear bands give comfort and additional support to keep the mask from shifting during service.

Hypoallergenic so it won’t irritate the skin.

This mask is close fitting and adapts to the contour of most faces.

The three-ply construction allows for a bacterial filtration system to help protect the wearer.

Disposable. No need to worry if the mask has been sanitized after a previous use as they are disposable and designed not to be reused.
