

# HAND SANITIZER

## FEATURES AND BENEFITS

C4U Hand Sanitizer is an 80% alcohol antiseptic topical solution, used to help fight against bacteria.

Expiration date is 6 months after seal date.

Versatility, can be used on your hands or put it into a spray bottle to disinfect surfaces.

Unscented. No artificial scents added making it safer for those with perfume allergies.

Easy to pour into smaller refillable bottles for distribution within your establishment.
