VIRTUAL DINING CONCEPTS

VDC is your winning ticket when it comes to operating delivery-only restaurant brands.

Company Description:

VDC is a turnkey solution for adding a virtual brand to your existing restaurant to generate extra profit. A Virtual brand is an incredibly useful and efficient way for restaurateurs to increase their bottom line with minimal impact to current operations. Virtual brands offer restaurant owners a separate concept that runs out of their kitchens and is available for delivery only via third party delivery platforms.

Value:

Virtual restaurants are the future of the foodservice industry. Instead of developing brands from scratch, you can quickly begin taking orders for VDC's virtual brands with fully-developed training, branding, marketing, menu development, third party platform integration, technology, and PR.

Advantage:

We're the leading developer of celebrity and premier virtual restaurant brands. VDC provides a unique opportunity to partner with some of the world's biggest celebrities who play an active role in marketing and speak to their millions of followers, driving revenue to your restaurant.

Product offering:

Choose one or more of our celebrity concepts. The more brands you add, the more incremental profit you can receive a month.
